

SUPERVISOR

Coal Handling Preparation Plant

VAC #171

The New Hope Group is an innovative, independent, Australian publicly listed mining company operating in the South East Queensland region. We operate three open-cut mines located at New Acland, New Oakleigh and Jeebropilly and work as a group that counts sustainable environmental practices and a non-negotiable safety policy as part of the bottom line.

Our West Moreton Operations are seeking an experienced Supervisor to join the CHPP Team to assist in ensuring product requirements are met as well as optimising production of the plant.

To be successful in this role you will:

- Have a proven record of safe work behaviour with an attitude that puts safety and risk management as the first step undertaken in each task
- Be comfortable developing strong interdepartmental relationships to achieve strategic outcomes
- Be self starting with a dedicated work ethic
- Have a proven record of effective and proactive leadership
- Have excellent problem solving ability and communication skills
- Business acumen and exposure to coal preparation or mineral processing plants

This role will see you responsible for:

- Communication, implementation and execution of production plans
- Supervision of production performance in the CHPP to ensure production and quality targets are achieved
- Communication, implementation and execution of maintenance plans and supervision of work performance
- Ensuring CHPP personnel meet statutory and site requirements for safety, environment and operating standards
- Contributing to the CHPP budgeting system
- Contributing to an efficient pit to port production system by liaising with the mine production and planning personnel

We are offering a competitive remuneration package for the successful candidate, with your hard work and dedication also recognised with development opportunities through New Hope's LEAP For Leaders development programme. This position works 9 shifts a fortnight on a Monday to Friday day/night rotating roster including 10 and 12 hour shifts.

Located near Amberley, Queensland, the Jeebropilly Mine is a 20 minute drive from Ipswich. The mining method used at Jeebropilly is a multi-thin-seam operation utilizing trucks, excavators and front-end loaders.

Visit www.newhopecoal.com.au and follow the links to the 'Careers' section to apply and find out more about New Hope Group. Only online applications will be accepted. Applications close on **5 September 2010**.
